* This is a session class which is held for a specific number of weeks. All other classes are continuing month-to-month classes which begin the week of September 17, 2007 and continue through June, 2008, space and curriculum permitting.

** See Class Descriptions for prerequisites.

*** This intermediate/advanced class is taught in a setting which emphasizes individualized instruction with students working at their own pace rather than the entire class working on the same sequentially developed curriculum.
