

BRENTWOOD ART CENTER

8/13/18

M/W/F

5-6 years

Today's Project: *Real & Imaginary Creatures*

Vocabulary: Additive and subtractive

Historical Context: Animal sculpture from the Americas

Summary: Students will explore the materials of sculpture. Individually and collaboratively youth will play with elements of art; line, shape and form to create one of a kind works of art inspired by imaginations, art history and play. Students will experiment with additive and subtractive techniques to create a real or imagined creature.
